COVID-19 Policy and Procedures

The Alberta painting Contractors Association (APCA) is monitoring the COVID-19 pandemic closely and are fully committed to protecting all personnel and others we encounter to the best of our ability.

Active participation is critical to stop the spread of the virus and keeping construction sites open. We understand this is a difficult time for everyone and circumstances are changing rapidly.

When performing QA paint inspections on job sites, the APCA inspectors will follow the site specific COVID-19 plans in place on your job sites.

Our inspectors will not report to any project site if they have exhibited any of the COVID-19 symptoms, such as:

- A new dry cough
- fever
- tiredness
- shortness of breath
- aches and pains
- sore throat

When conducting QA paint inspections, our inspectors will perform them maintaining physical distancing requirements.

Together we can ensure the construction industry stays an essential service, project sites stay open all our people keep working!
