

MORRISON HERSHFIELD

July 6, 2018

Kirk Beggs
APCA
Inspection Services

Dear Kirk:

Re: NETG - Painting Inspections

APCA inspection services under your guidance has brought in value and quality assurance to this complex and large project where the owner, a public organization, is expecting ease of maintenance and durability of painted finishes.

Your depth of knowledge, advice, and especially the sense of duty has been impressive and helpful. I am thankful that you have taken the responsibility of inspecting and reporting the compliance to specifications and good practices of painting off my shoulders. Your advice on good practices and compliance with LEED and MPI requirements has been very helpful.

I have no hesitation in recommending your services to my peers in the architectural community. In fact I have conveyed such to the provincial architect at Alberta Infrastructure.

Thank you for your contribution of knowledge to date in our team's attempts to make this project a success.

Sincerely,
Morrison Hershfield Architects Inc
